PROFESSIONAL SUMMARY

Full Stack Developer with experience in building internal business applications, responsive web interfaces, REST APIs, and e-commerce solutions. Skilled in React, Next.js, JavaScript, Python, Django REST Framework, Flask, Tailwind CSS, SQL, and Git. Strong engineering background from the National Technical University of Athens, with a practical focus on developing scalable, user-friendly, and business-oriented software solutions.

WORK EXPERIENCE

Full Stack Developer November 2025 – Present
Mitsis Group

- Develop and maintain internal business applications using Python, Django REST Framework, Flask, React, Next.js, and Tailwind CSS.
- Design and integrate RESTful APIs to support hospitality operations, reporting workflows, and internal management systems.
- Build responsive, user-friendly interfaces with a focus on performance, usability, and maintainable front-end architecture.

IT Support Specialist & Technical Support November 2024 – November 2025
Hellenic Air Force – Military Service

- Provided first-line technical support, troubleshooting hardware, software, printer, and network connectivity issues.
- Handled helpdesk requests, issue logging, prioritization, and direct user support in a structured IT environment.
- Supported desktops, laptops, peripherals, and internal systems both remotely and onsite.

Web Developer April 2024 – November 2025
BUYNOCODEAPPS / blupry.io

- Developed responsive HTML templates and React components for no-code web applications.
- Collaborated through GitHub, contributing to source control, debugging, testing, and UI improvements.
- Implemented reusable front-end components with attention to clean structure, responsiveness, and browser compatibility.

E-Commerce Web Developer & Support Staff April 2024 – October 2024
PYROTECHNICA ENGINEERING HELLAS MON. IKE

- Maintained and improved a WordPress/WooCommerce eShop using Elementor, PHP, CSS, and product data workflows.
- Managed inventory, invoicing, order fulfillment, and daily e-commerce operations through Atlantis ERP.
- Supported website performance, product updates, customer service, and physical store inventory coordination.

Developer Internship – Full Stack June 2022 – July 2022
Libra AI Technologies / libramli.ai

- Developed responsive React.js interfaces and contributed to web design, maintenance, and debugging tasks.
- Supported C# back-end development, data handling, and REST API integration.
- Participated in Agile workflows and gained hands-on experience across the software development lifecycle.

EDUCATION

2018 – 2024 **National Technical University of Athens** – Diploma in Electrical and Computer Engineering
Diploma Thesis: The Debates of the Greek Parliament as Open Linked Data
Developed a Python-based system for transforming Greek parliamentary debates into structured Open Linked Data using RDF, SPARQL, XML, ANTLR4, TEI-XML, and LegalDocML.

2013 Certificate of Competency in English – Michigan University

SKILLS

Front-End	JavaScript, React.js, Next.js, HTML, CSS, Tailwind CSS, Responsive UI Design
Back-End	Python, Django REST Framework, Flask, Node.js, C#, REST APIs
Databases & Tools	SQL, Git, GitHub, WordPress, WooCommerce, Elementor, Atlantis ERP
Other	MS Office, Technical Support, Debugging, Testing, Documentation
Soft Skills	Responsible, organized, flexible, collaborative, detail-oriented
Driver's License	Category B

VOLUNTEERING EXPERIENCE

<i>April 2024 – April 2025</i>	Stavros Niarchos Foundation Cultural Center (SNFCC) – Volunteer
<i>November 2023 – November 2024</i>	TEDxNTUA 2024 – Organizer, IT Team
<i>February 2024 – April 2024</i>	Unique Minds
<i>February 2024 – March 2024</i>	IUF Greece
<i>May 2022</i>	TEDxNTUA
